*Order of courses may vary. Mad Science reserves the right to substitute for a course if circumstances necessitate such a decision. For information only.

Rocket Demo

To infinity and beyond!! Well, maybe not quite to infinity. But we'll launch some rockets that will be headed high in the sky.

Dino Dig

Dig up some bones and put them together and see what kind of dinosaur you get!

Detective Science

Look at the clues like a scientist would. Check out fingerprints and become a spy science officer.

Slime Time

It's messy, ooey, gooey and loads of fun. Makes stretchy stuff and take home your own slime!

Wiggly World of Worms

Everybody loves them! Worms are lots of fun. Look at how they move and what their body is made of. Take one home for release at your house.

Optical Illusions

Are your eyes playing tricks on you? It happens a lot. But can it make a pig look like it's floating in midair? Come and see lines curve that actually don't and maybe look around a corner.
